Crimelite	Mason Vectron	V,B,G,W	No, No Bulb	Infinite, no lightguide	No, no lightguide	N/P <\$4,500.00

*Wavelengths: V=Ultraviolet to violet (390-420nm), B=Blue (430-490nm), G=Green (500-550nm), Y=Yellow to Orange (565-590nm)
R=Red (600-650nm), IR=Infrared, W=White; wavelength ranges are approximate.

**Temperature Sensitivity refers to the maximum and minimum storage and operating environmental temperatures. Lightguides breakdown if stored or used at temperatures above approximately 100 degree F or below approximately 32 degrees F. Lightguides, for instance, should be stored in the trunk of a vehicle except in very mild climate.

***MSR Complete Price refers to units will ALL accessories, quoted in US Dollars and do not include shipping or handling.

****Foster Freeman reports can run a "mains adapter" and and that unit will charge of off 12V DC "so it will effectively run off 12V DC"
